WELLINGTON ARENA

We have taken the standard block and rail system and made it better. The Wellington Arena features a set-in design that is user friendly for set up. The rails are pre-measured so you simply place the rail into the supports which assures perfect increments every time. The Wellington supports are made with white UV stabilized polyethylene. The 100% UV treated material is super tough and durable and will withstand abuse and all weather conditions. The Wellington Arenas are highly stable in high wind areas. We use ribbed rails (not hollow) that are made of 100% UV resistant PVC. Ribbed rails add strength, durability and eliminates sagging. The Wellington Arena uses 1 1/2" x 5 1/2" rails that make the height the required 12". The Wellington Junior uses 1 1/2" x 3 1/2" Rails. The supports (Cones) are also sold separately and designed to house round rails. If you choose, you can set up your arena using fence rails or jump rails you have on hand. The Wellington Trainer allows you to make a full size course with fewer rails placed for training giving this unique design many advantages not found with other arenas.

PERFECT POLES

Imagine never having to paint a wood pole again! The "Perfect Pole" from Burlingham Sports starts with a core of 3 1/4" wood jump pole which is then coated in polyethylene. The result is a completely sealed, all weather 3 1/2" jump rail. The "Perfect Pole" has the weight of wood combined with the long lasting, color fast durability of rotational molded plastic. White 8' poles are available and ten UV stabilized colors of 10' and 12' lengths. Unfinished natural 3 1/2" jump rails are also available. Optional striping kits are also available for further customization.

STRIPES FOR POLES

Stripes for Jump Poles are available in nine bright beautiful colors. These stripes are thicker than most stick-on stripes available. The 8 ml. thick vinyl helps resist the abuse of every day use. The color is not printed on the vinyl, but silk screened to resist the solid vibrant colors from fading. These stripes come 12" wide and can be cut to any width [3", 4", 6", etc.] or double them up to make 24" stripes. They are sold in a set of three 12" stripes.

AVAILABLE IN:

Black, Burgundy, Green, Navy, Purple, Red, Royal Blue, White, Yellow.

STRIPED PERFECT POLES

The Perfect Pole with stripes! The stripe color is molded into the polyethylene giving the pole a seamless change of color that will not fade or rub off. Our manufacturing process eliminates the problems associated with painting, such as chipping and peeling. Perfect Poles, will provide years of maintenance free service. White poles with three stripes painted in one of 5 standard color choices.

AVAILABLE IN:

White Poles W/Stripes in: Black, Royal Blue, Hunter Green, Red, Yellow.
